The Contracting Parties shall accord to "traffic-in-transit" freedom of transit across their respective territories through routes mutually agreed upon. No distinction shall be made which is based on flag of vessels, the places of origin, departure, entry, exit, destination, ownership of goods or vessels.

ARTICLE II

- (a) Each Contracting Party shall have the right to take all indispensable measures to ensure that such freedom, accorded by it on its territory, does not in any way infringe its legitimate interests of any kind.
- (b) Nothing in this Treaty shall prevent either Contracting Party from taking any measures which may be necessary for the protection of its essential security interests.

ARTICLE III

The term "traffic-in-transit" means the passage of goods, including unaccompanied baggage, across the territory of a Contracting Party when the passage is a portion of a complete journey which begins or terminates within the territory of the other Contracting Party. The transshipment, warehousing, breaking bulk and change in the mode of transport of such goods as well as the assembly, dis-assembly or re-assembly of machinery and bulky goods shall not render the passage of goods outside the definition of "traffic-in-transit" provided any such operation is undertaken solely for the convenience of transportation. Nothing in this Article shall be construed as imposing an obligation on either Contracting Party to establish or permit the establishment of permanent facilities on its territory for such assembly, dis-assembly, or reassembly.

ARTICLE IV

Traffic-in-transit shall be exempt from customs duties and from all transit duties or other charges, except reasonable charges for transportation and such other charges, as are commensurate with the costs of services rendered in respect of such transit.

ARTICLE V

For convenience of traffic-in-transit, the Contracting Parties agree to provide at point or points of entry or exit, on such terms as may be mutually agreed upon and subject to relevant laws and regulations prevailing in either country, warehouses or sheds, for the storage of traffic-in- transit awaiting customs clearance before onward transmission.

ARTICLE VI

Traffic-in-transit shall be subject to the procedure laid down in the Protocol hereto annexed and as modified by mutual agreement. Except in cases of failure to comply with the procedure prescribed, such traffic-in-transit shall not be subject to avoidable delays or restrictions.

ARTICLE VII

In order to enjoy the freedom of the high seas, merchant ships sailing under the flag of Nepal shall be accorded, subject to Indian laws and regulations, treatment no less favourable than that accorded to ships of any other foreign country in respect of matters relating to navigation, entry into and departure from the ports, use of ports and harbour facilities, as well as loading and unloading dues, taxes and other levies, except that the provisions of this Article shall not extend to coastal trade.

ARTICLE VIII

Notwithstanding the foregoing provisions, either Contracting Party may maintain or introduce such measures or restrictions as are necessary for the purpose of:

- (i) protecting public morals;
- (ii) protecting human, animal and plant life;
- (iii) safeguarding national treasures;
- (iv) safeguarding the implementation of laws relating to the import and export of gold and silver bullion; and
- (v) safeguarding such other interests as may be mutually agreed upon.

ARTICLE IX

Nothing in this Treaty shall prevent either Contracting Party from taking any measures which may be necessary in pursuance of general international conventions, whether already in existence or concluded hereafter, to which it is a party, relating to transit, export or import of particular kinds of articles such as narcotics and psychotropic substances or in pursuance of general conventions intended to prevent infringement of industrial, literary or artistic property or relating to false marks, false indications of origin or other methods of unfair competition.

ARTICLE X

The Contracting Parties shall consult each other regularly in order to facilitate effective and harmonious implementation of this Treaty.

ARTICLE XI

This Treaty shall enter into force upon its signature and shall remain in force for a period of seven (7) years. It shall, thereafter, be automatically extended for a further period of seven (7) years at a time, unless either of the parties gives to the other a written notice, six months in advance, of its intention to terminate the Treaty provided further that the modalities, routes, conditions of transit and customs arrangement, as contained in the Protocol and Memorandum to the Treaty shall be reviewed and modified by the contracting parties every seven years, or earlier if warranted, to meet the changing conditions before the automatic renewal and such modifications shall be deemed to be the integral part of the Treaty.

- f) the cargo shall be sealed and move under an Electronic Cargo Tracking System (ECTS) seal. The ECTS seals shall be procured from the Seal Provider authorized for this purpose. In case of non-containerized cargo, the cargo shall be loaded in a manner that the ECTS seal is affixed and offers clear evidence in case of any attempt to tamper with the cargo.
- g) in case where the "Shipper's seal" affixed on the container arrived at the customs station of entry in India is found to be broken or defective, the Indian Customs authorities shall make due verification of the goods to check whether the same are in accordance with Bill of Lading. If tallied, they shall affix the ECTS seal before the Transshipment is allowed.
- h) the details of the Containers, names of the Nepalese importer or exporter (as the case may be), Manifest Number and Bond Number and the corresponding ECTS seal affixed shall be entered in a web application authorized for this purpose by Indian Customs, before commencement of the transshipment movement.

- j) during transfer of cargo from one mode of transport to another as per the agreed routes in paragraph 1 (C) of Section II of the Protocol, the
